Animal Friends receives frequent requests for assistance from students who would like to do photo/video/interview projects at Animal Friends.

Students are permitted to use Animal Friends’ animal-rich environment as a resource for their projects.

They must adhere to these guidelines:

• Students are welcome to visit during Animal Friends’ regular hours of operation (Monday-Friday, 11am-7pm or Saturday-Sunday, 10am-5pm).

• Students may take photos and videos in our public areas.

• They may not open kennels or enter restricted areas.

• Due to the high volume of these requests, Animal Friends can not provide a staff escort.

• If they would like to photograph a person, they must ask for the person’s expressed permission.

• If the student meets our age requirements, they are welcome to go through the normal volunteer orientation process. Upon completion of appropriate training and orientation, they are then welcome to handle animals.
